                  2013 Max Hart family

Joyce Thomas agreed to be secretary for the coming year.

Memorial Tributes:

Shelley paid tribute to her dad as she reminisced and shared great memories of beach trips, camping trips, many birthdays spent together, and his helping James mount and ride a pony. Everyone enjoyed her dad's sense of humor and the many funny expressions like "Just hanging around like a hair on a biscuit." Or he "missed Aunt Dot like a wart" when she had been out shopping. At Christmas every year he would say "that's the purdiest tree ever"  
Ostell loved to do repairs, especially for his kids – lawn mowers and hair dryers to mention a few and he had a special system for packing a vehicle for travelling that could be topped by none..

. . Dadl died at home peacefully surrounded by family .on Sept.18, 2010 .It was a painful yet precious time when we ,as a family said goodbye to one we loved so much. The family was greatly comforted to know that he left us to be with the Lord.

Wendy remembered that her dad could always make everyone laugh. He was her hero.

Jannine spoke because her James is like Uncle Ostell and didn't like to speak in public. She misses how he would hum along to many songs and that he was gentle and witty.

Suzanne expressed that they were still grieving their loss of Aunt Clara Hart as she had just passed 2 months ago.

Bettie Adams honored Sherry (JD & Delores' daughter) who passed in May 2011. She was funny, kind, stern and generous. She was very supportive of her family and will truly be missed.

Dot advised all that Gail is the "keeper of the records" and to please be sure to keep her up to date on changes.

Shelley closed the meeting with the singing of "Blessed Be the Tie That Binds "  
52 attended the reunion this year.

2011

Dot also shared an excerpt from former minutes in which Wilson's wife, Sue, shared about a trip she and Wilson made to the family home when Novie and Reuben Hart were married, better known as the Dr. Wilkerson place. On hearing that the home was to be torn down, Joyce shared that she went with her parents to see this house, which had many sweet memories for her dad, especially the trees in the yard. Wilson moved a couple of the little saplings from that home to his house and planted them. Uncle Wilson had loved the trees. Joyce now lives at that house and enjoys the big trees from the little saplings. She remembers tears in her dad's eyes as he reminisced.

Following the tribute to Novie Sue Hart and historical trivia, the meeting was officially called to order by Shelley Warren. The 100<sup>th</sup> Psalm was led by Megan Warren

.Shelley called the meeting to order thanking everyone for making the long trip and for those who came a day early for visiting .

Megan Warren led the reading of the 100<sup>th</sup> Psalm.

A copy of the 2010 minutes were handed out to everyone and with a vote they were approved with one correction.
